Make Today a 'Forever' Day

On my recent trip to Hungary, Turkey and Germany, I was once again amazed at the impact Forever is having across the world. As Aidan and I joined more than 12,000 of our friends in a Success Day in Budapest I was struck with the thought that there is so much good the Forever opportunity can bring to people's lives. We desperately need to continue to spread our message of health, wealth, and happiness.

I was also reminded that we all share trials and tribulations in life, as well as joy and happiness. As we arrived in Europe, it had been raining for most of the month. More than one person commented on the terrible weather and people seemed truly affected by it. I told them that while we can't affect the weather, we certainly can affect our attitude about it and I half-jokingly reminded them that, "I carry sunshine with me wherever I go. Not to worry!"

Like the people in Europe who had temporarily forgotten the joy of sunshine, during the trying times it's easy to forget the joyful times. Life can certainly be hard, but it can also be full of hope and possibility if we keep trying, look for the good, and accentuate the positive. I explained that in Arizona we get so much sunshine that we cherish rainy days. Our attitude is not determined by circumstances around us but rather by how we respond to those circumstances. Certainly life has tragedies that must be dealt with, but in the end our attitude is exactly that – ours. We determine how we will respond to any situation good or bad, as Edgar A. Guest reminded us so long ago:

*Because it rains when we wish it wouldn't,
Because men do what they often shouldn't,
Because crops fail, and plans go wrong—
Some of us grumble all day long.
But somehow, in spite of the care and doubt,
It seems at the last that things work out.*

*Because we lose where we hoped to gain,
Because we suffer a little pain,
Because we must work when we'd like to play—
Some of us whimper along life's way.
But somehow, as day always follows the night,
Most of our troubles work out all right.*

*Because we cannot forever smile,
Because we must trudge in the dust awhile,
Because we think that the way is long—
Some of us whimper that life's all wrong.
But somehow we live and our sky grows bright,
And everything seems to work out all right.*

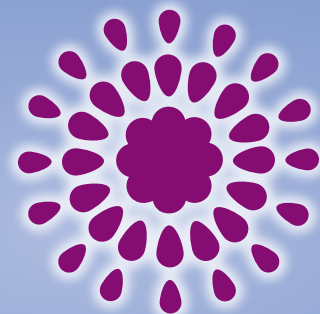

*So bend to your trouble and meet your care,
For the clouds must break, and the sky grow fair.
Let the rain come down, as it must and will,
But keep on working and hoping still.
For in spite of the grumblers who stand about,
Somehow, it seems, all things work out.*

Look around you with a willing heart and open mind. You'll find that although there are discouraging days and occasional setbacks, given time and patience and perseverance, things work out. The sun finally did come out and the days were beautiful. You, too, can carry sunshine wherever you go. The decision is yours. So each day when you wake up, remember the great blessings in your life and remember that you are part of the greatest opportunity in the world. Decide to make today a Forever day.

Forever Yours,

Rex Maughan
Chairman of the Board & CEO

Weight Loss “On the Go”: Keep Moving and Keep Losing!

We all know that exercise is an important component to weight loss, but it's easy to overestimate just how much movement we have in our day. Darting around town for work or for family can make us feel like we've run a marathon. But according to the U.S. Department of Health and Human Services, to remain healthy most adults should pack in at least 2.5 hours of aerobic activity a week and practice strength training at least twice a week. For weight loss, those numbers should climb even higher. Luckily, experts agree that the exercise does not have to be continuous. Here are some ways to add the activity into your day.

At Home

- Ask your family members to take a group walk, ride bikes to the store, trim plants and garden, or organize a game of kickball. Or, rally family members to clean closets, wash windows, vacuum, mop floors, and dust.
- Light exercise before meals can act as an appetite suppressant. Schedule a brisk walk, a session on the workout ball, or a moment with an exercise tape before dinner.
- Try waking up 30 minutes early to get in a daily exercise session. Create a small area in your home that includes a piece of workout equipment or some hand weights.

At Work

- Wear comfortable shoes and well-fitted clothing. Experts agree you can burn up to 125 more calories a day just by being comfortable.
- Take walk breaks instead of coffee breaks. Use your 15 minutes to walk up and down a flight of stairs, walk around the block, or perform some rejuvenating Yoga poses.
- Form a lunchtime walking group. Walk or climb stairs for a half hour before eating and you might even eat less of your lunch.

At Play

- Invite your pals for an active play date. Instead of going to lunch, dinner or happy hour, invite your good friends to go for a hike, or try a new Yoga or Pilates class.
- Join a sports team or group. Knowing you have an “appointment” for fitness with a team or group can be a great way to get motivated.
- Buy an extra gym bag and keep it packed and ready to go. Fill it with walking or running shoes, comfortable workout clothes, exercise bands, and a bag of toiletries.

You'll want to keep up your energy while you're moving, and two perfect ways to do that are **Forever Freedom2Go™** and **Forever Aloe2Go®**. Freedom2Go offers the sweet taste of pomegranate with all the health benefits of Glucosamine, Chondroitin and MSM. Aloe2Go combines the great taste of Pomesteen Power with the healthful goodness of Aloe Vera Gel in a pouch for a quick, tasty treat. Don't forget to keep up your movement and your energy while you're on the go!

The camp's mission statement is to provide a safe camp experience which fosters personal growth and development, promoting confidence and self esteem of youth burn survivors.

Camp Courage 2010

During the week of June 13-19, in the cool pine country in the Prescott National Forest in Prescott, Arizona, youth and teen burn survivors enjoyed activities including canoeing, horseback riding, biking, and makeovers from the **Sonya Colour Collection** at Camp Courage, the Arizona Children's Burn Camp.

Through the **Foundation for Burns and Trauma** in Phoenix, Arizona, Camp Courage helps children with burn injuries adjust in an atmosphere surrounded by comfort and friendship. Campers have the opportunity to be themselves in groups that are non-judgmental, outgoing and friendly. It is also a special time for campers to share their burn recovery experiences with others who have been through similar trauma. It is a time to celebrate, enjoy and share life together.

Forever Living Products is the premiere sponsor of the Foundation for Burns and Trauma, with a lifetime donation totaling more than \$1 million. The Sonya Team, **Cynthia Hampton** and **Donna Levy**, visited the camp and treated campers to a "Day of Beauty, Aloe Vera Style", sharing the Sonya Colour Collection with campers. There were beautiful smiles and faces as well as tears of joy as everyone participated in the hands-on makeup classes with our unique Sonya Palettes, Sonya Lip Gloss and Sonya accessories.

The Foundation's current mission is to assist burn victims and their families in becoming burn survivors through rehabilitation, treatment and research; the reduction of death and injury from burns and fire through prevention education; and to serve as an advocacy partner for the prevention of trauma associated with other injuries. The Foundation believes that most burns are preventable and this can best be realized through the education of the community and its children.

Thanks to the Foundation for Burns and Trauma and to FLP for making this a truly amazing week that everyone will remember 'Forever'!

“We would like to thank our Heavenly Father for creating this miraculous plant, and Rex & Ruth Maughan for their extraordinary vision. November 2008 was definitely a life-changing experience when we became part of Forever. In six months, we became Managers; in a year, we qualified for Conquistador Club, BBC and Earned Incentive Level 1. By September 2009 we were the #10 Personal Group Builder in North America, and in December of 2009 we were #5 in Personal Group Building. Our goal this year is to achieve Profit Sharing.

How blessed and fortunate we are because of Forever! It expands our belief in what is possible. The beauty of Forever comes in many forms; it is wonderfully unique and contributes in different ways to health, beauty & wealth. We would like to extend our sincere thanks to the BBC coordinators Gregg Maughan, Carl Zander, Bill Lewis, Harold Greene, Paul Muehlmann, and Darin Reber for nurturing us and listening to our suggestions. We would like to thank our uplines and downlines – you guys inspire us! We also want to thank Boris & Irina Mezheritsky for being there to answer our questions all the time.

Our secret to success with Forever is to be of service all the time. We have committed ourselves to succeed no matter what it takes, and to build our network in the USA and around the world.

“...you will find there is **NO LIMIT** to the prosperity and abundance that will come your way.”

Our advice is to work even if it's difficult. It may not be easy, but it's rewarding. Dream big and as you reach for your dreams, be aware of this greater purpose. Keep your dreams alive by visualizing a special 3-rung ladder. The first rung is determination, the second is dedication, and the third is attitude. Pursue your goals one step at a time. Find people to support you and friends who are completely unselfish in their desire to see you do well. Create your plan, a VISION QUEST, and remember whatever your mind can conceive and believe, your mind can achieve. Do this and you will find there is no limit to the prosperity and abundance that will come your way!”

Earned Incentive Winners\$

Three levels of the Incentive are available. Qualifying Distributors receive an extra monthly bonus which they can use to purchase anything they choose, such as a car, house, boat, airplane, college education, etc.*

"We joined the company in September 2007. Thank you, Rex, for creating FLP and helping us and many others to become healthy, wealthy and beautiful. We are very fortunate to be a part of this great company. FLP has excellent products and a generous compensation plan. I want to thank my husband Tuan for his support and for always being there for me. Also, thank you to my downline for giving me the motivation and power to work, and to our great upline who support me all the time. The Sonya products, Aloe Vera Gel, Probiotic and Royal Jelly are my favorites. Our future goal is to go up on stage and receive a Profit Sharing check. The secret to being happy is to help others. The secret to being successful is to learn, so you can teach others."

Rebecca & Rodolfo Jiménez, LEVEL ONE, sponsored by Esther López

"First of all, I thank God for putting this opportunity in my path and Rex for having created this company. I also want to thank everyone in my group for their support, especially María Pérez. For us, this has been the best decision we have ever made. We love all of the products, especially Aloe Vera Gel. Thank you for these fantastic products; we can certainly recommend them. May God keep blessing Rex Maughan so his company keeps growing world wide. Thank you to my daughter, Janette, who introduced us to Forever, and to Cristina & Victor Saucedo, Carmen & Ricardo Novoa, and Zonia & Enrique Espinosa for their support! “I started with this company on March 15th, 2010. I have the best sponsor and Regional Sales Directors in New York. I would like to thank God for giving me the chance to become a member of the FLP family. Thanks to my parents, my sponsor, Senior Manager Mamadou Diakite, Alex & Elvira Tunitsky, Rex Maughan and all of Forever Living. My favorite products are Ginkgo Plus and Aloe2Go. Phuong Thi Doan sponsored by Mai Thi Ngoc & Van Van Le

“First I would like to thank Buddha, God and Rex Maughan for the opportunity to be part of this great company. Special thanks to my husband for all his support and to my sponsors Mai Le and Van Le, and especially to all my team members. The reason I started to do this business is because of the Sonya Skin Care Collection. Becoming a Manager is only the beginning of my career with FLP. I'm now working my way up to becoming a Diamond Manger. I have the faith to make my dreams come true, and when I make those dreams happen, I pray that all of you will too!”

Manuel Galicia Maya & Maria de Lourdes Guevara sponsored by Reynaldo & Hermila Covarrubias

“We joined FLP in August 2009. We attended the trainings to learn how to use the products correctly and to sponsor more people. Our motto is: ‘God First, then Health and Dreams.’ We have encountered obstacles, lack of money and health problems, and we have found ourselves without transportation, but nothing has stopped us. We sponsor new people so they can find a new lifestyle and learn that they, too, can achieve their dreams. We are from the countryside and have little education, but we have found this great opportunity as a means to achieve our goals. We want to offer people health, good nutrition, and motivate them to change their lives. We especially want to thank Cristi & Victor Saucedo, and our sponsors Hermila & Reynaldo Covarrubias. Thank you also to our group, to Rex Maughan and Forever Living for giving us this opportunity.”

Maria del Carmen Rangel & Jeronimo Rangel sponsored by Lorenza Diego

"I want to thank God and Rex Maughan for the great opportunity that this beautiful company offers us. To become a Manager is, for me, a privilege of which I am very proud; it is also the goal that I wanted to achieve in order to continue building my business. I am grateful for the wonderful Forever products and to the people that believed in me. Thank you to my directors, Zonia & Enrique Espinosa, who have helped me so I can help others to get to know about the wonderful opportunity that this company offers to all people. My next goals are to become a Senior Manager and to earn the Car Incentive."

Frank Singson Jr. & Belinda Singson sponsored by Wilma L & Edgardo P Bulaong

"We began using Forever Living Products in February 2010, not as Distributors but as consumers. At first we were somewhat skeptical of the business and how it was going to turn out, until we really started using the products ourselves. The following month, we started to set up our business with FLP and our goal was to attain the level of Manager. Four months later, we became Managers and are now looking forward to becoming Diamond Managers one day soon. We would like to thank Michael & Judith Martin, Edgardo & Wilma Bulaong for all of the help and support they have so generously afforded us. Thanks to everyone in our downline for their support and hard work; especially Walter & Herlita Cato and Andre & Cory Covacs."

How to Use the Company Webinar to Build Your Business

Everyone agrees that communication, training and motivation are key elements in building a successful business. You now have a tool that gives you the power to deliver these elements to all of the Distributors in your group. It's the monthly **Webinar**, which is produced at the International Headquarters and is accessible to anyone with an Internet connection. Each month, we feature **business building training** by our top sales leaders from all around the world; plus we have **product training, rally reviews, announcements** and a variety of motivational success stories.

We are sure that a tool like this can be very powerful in helping you reach whatever level of success you desire, whether it is achieving Supervisor or Centurion Manager! But, just like any tool, it performs when you use it. Here are a few ideas to consider that will help you make the most of the Webinars:

1. Make sure that all your Distributors have registered their correct email address with the Company. This is done by signing on to the Company website and navigating your way to "My Account". Having the correct address on file will insure that your Distributors will receive the messages sent announcing that the Webinars have been posted.
2. Watch the Webinar yourself as soon as it is posted, and then send a message to your Distributors telling them what you liked about it. Be sure to include a link within your message so as to make it very easy for your Distributors to click and watch.
3. Download each webinar to your laptop or i-Pad and show it to those in your group who may not have Internet access. It's also a great idea to play it to prospective Distributors to show them the support they can expect.
4. Show portions of the Webinar in your training meetings, and discuss the success principles that are mentioned.

And finally, we have saved for last the most important idea for using the Webinars to build your business:

5. **You should carefully watch and learn yourself.** Take notes and replay them until you internalize the instruction and motivation they contain. Then, practice the skills taught by our sales leaders so that YOU will improve personally as a Distributor. Remember that your downline looks to you as their example, and they will generally do what they see you do.

We encourage you to take advantage of these fantastic Webinars and use them to take your business to the next level. Who knows...perhaps you will then be a featured Sales Leader in a future production!

FOREVER NO LIMITS

Are YOU Ready to RALLY?!

FLP Super Rally 2010 • Denver, Colorado • August 12 - 14

Mild & Mile High. Denver really is exactly one mile high. In fact, there is a step on the State Capitol Building that is exactly 5,280 feet above sea level - one mile high. Which step? Well, the 11th step is carved in stone as a mile high, but in 1969, it was found that the actual spot was 4 steps higher. In 2002, it was discovered that Denver is 3 feet higher than previously thought. So take your pick of steps - but one of them is assuredly one mile high.

The sky really is bluer in Colorado. Thanks to 300 days of blue skies and sunshine (more than San Diego or Miami) each year, the forecast in Denver is almost always a good one. August's average daily high temperature will be a mild 86 degrees Fahrenheit, but because Denver is closer to the sun, it can feel much warmer during the daytime, and become very chilly after sundown. It is best to layer your clothing to adjust to the temperature variations. There is also 25% less protection from the sun's rays at Denver's mile-high elevation, so be sure to bring your sunglasses, a hat and your **Aloe Sunscreen** (Item #199)!

Drink Forever Natural Spring Water (Item #265) – both before your trip to Denver *and* while you are there. Drinking plenty of water is the number one way to help your body adjust easily to the higher altitude. The low humidity in Colorado keeps the air dry, like in the desert, so you need about twice as much water here as you would drink at home.

Altitude. Don't let anything about the mile-high altitude scare you. The air is just thinner and dryer. In fact, many people with respiratory problems, including the Mayor, move to Denver for the benefits of the dry air. The effects of exercise are more intense there as well. If you normally run 10 miles a day at home, you might ease up a bit and try 6 miles instead in Denver.

What are this year's New Products?

Success Day in Budapest, Hungary!

It is quite a challenge to describe the atmosphere of the 13th Anniversary Success Day held in Budapest on the 6th of June. The event was even larger than the European Rally & Profit Sharing Event of 2008, which was also held here. This time, there were **13,000 people** in the great Sports Hall. We were lucky to also welcome several thousand Distributors from Poland, Romania, Slovakia, Czech Republic, United Kingdom, Russia and Sweden, who joined the celebrating nations of the Southeast European region.

The audience benefited from several thoughtful presentations given by Europe's most experienced and inspirational leaders. The entire community was excited to hear a reassuring message from the founder himself, Rex Maughan, supported on stage by Vice President of Europe Aidan O'Hare as well as Peter Lenkey, Director of European Operations, and Country Manager Dr. Sándor Milesz.

A roar of applause accompanied the well-deserved recognitions. According to some, the Budapest Sports Hall has never hosted such a vibrant event like this before. Congratulations to everyone who contributed to make this such a great success!

New Castle in Germany!

On a lovely sunny day in Munich, among more than 2,000 Distributors and friends, FLP Germany celebrated the grand opening of their new office in Schloss Freiham castle. Those in attendance enjoyed a tour of the beautifully refurbished building, as well as trainings, food and fun with special guests Rex Maughan, VP Aidan O'Hare and Country Manager Florian Kaufmann. Thank you to Rex for giving us such a beautiful place to work!

FOREVER EMPLOYEE ANNIVERSARIES

15 Years

"Fifteen years with Forever - to me, it's a life-changing opportunity and an unforgettable experience. Opportunity is what Forever is all about. During my 15 years working in the Home Office, I have had the opportunity to work with the wonderful staff and the Executives, to serve, assist and build relationships with Distributors, encounter and overcome challenges, to excel and grow on a personal level, and to witness the changes and the positive impact Forever has on peoples' lives in real time. I feel very privileged and fortunate to be part of Forever. And, I couldn't ask for a better place or a better employer to work for and spend 15 years of my life with."

I would like to take this opportunity to express my heartfelt gratitude to Rex, Navaz, Rjay, Gregg and all the Executives that I have worked with for all these years. Thank you all indeed for your guidance and support. I would also like to take the opportunity to thank all of the Chinese/Asian Distributors for your friendship and cooperation. As I continue my journey with Forever, my focus and dedication is towards you, the Forever Asian/Chinese Distributors, because to do better and live a successful lifestyle is why we choose to be part of Forever."

Elizabeth J.W. Kung Serre, Asian Market Development Manager

5 Years

"It is hard to believe that it has already been five years since I started to work with Forever Living. The philosophy of the company shows in the positive attitude that is obvious to all that have worked here for any time at all. It is such a dynamic company that Rex founded and I wish to thank him as well as Gregg, Navaz and all of those that I have had the opportunity to work with here in the Tax Department."

John Fletcher, Income Tax/Fixed Asset Accountant

"The past five years have brought numerous opportunities that have broadened my horizons. Thanks to a "Super Boss" that has spiced up the time by increasing my knowledge, every year challenging me to learn a new goal that is attainable. Thank you to Rex for the opportunity to work for this wonderful company."

Lola Lowenberg, Accounts Payable Coordinator
