Mosaic Bath Jars

Mosaic Bath Jars for Mom

By: Heidi Borchers for Inspired at Home

Mosaic bath jars filled with homemade bath salts make great gifts for moms this Mother's Day. Thanks to this craft project from [Heidi Borchers of Inspired at Home](#), she can relax in the bath with a reminder of your love. Use the [recipe](#) below for bath salts or read more [bath salt recipes here](#).

You can also [listen to this project](#) as you craft, read by Heidi Borchers. 

Materials:

- Clear self adhesive laminate film (like Contact paper)
- Glass jars
- Mosaic pieces (ceramic and glass tiles, mirrors, stained glass, china, beads)

- Embellishments (optional) – charms, tiny flowers
- Goggles
- Scissors
- Wheeled tile nippers
- Texture Magic Dimensional Paint - (available in assorted colors or you can tint the white with acrylic paints)
- Palette knife
- Tweezers
- Yarns
- Glass beads
- Aleene's® Stop Fraying® Glue

Instructions:

1. To create the stencil, trace half of a heart shape onto the paper side of the self-adhesive film. Fold in half and cut out. You will be using the outside part of the film on the jar and the inside heart shape as the placement pattern.
2. Place the heart shape onto workspace. Arrange the alphabet letters and mosaic pieces onto the pattern to determine placement. Use the nippers to cut the pieces as needed. (Always use goggles when cutting tiles and glass.) When placing onto pattern, leave a small amount of space between each piece.
3. Remove the paper backing from the film piece that you cut from the self-adhesive paper and place sticky side down onto the glass jar or bottle front aligning to be certain that it is centered. This is now the stencil that

you are going to use to create the heart shape from the dimensional paint.

4. Squeeze the dimensional paint onto the glass in the heart area of the stencil and spread evenly to approximately 1/8" thickness using the back side of the palette knife. This dimensional paint will be acting like the grout for your tile pieces. While the paint is still wet, carefully lift the stencil from the glass.
5. Carefully place the alphabet letters first. Then continue to transfer the mosaic pieces from the pattern onto the wet paint. (Use tweezers to help pick up small pieces.) Allow paint to dry.
6. Tie pieces of yarns around the neck of the jar. Place small amount of glue onto the ends of the yarn. Let dry. Thread the beads onto the yarns and knot the ends.

Heidi's Designer Tips: You can add layers of accents to your mosaic tiles. To attach pieces on top of the mosaic, place a small amount of the dimensional paint to the back of the embellishment, like this cute little flower, and place on top of tiles where desired. Let paint dry.

Scented Bath Crystals

In a lidded container – to each cup of rock salt, add 3 – 5 drops of vegetable food coloring, mixing with spoon or shaking well after each couple of drops until desired color is reached. To colored crystals add 20 – 25 drops essential oils. Lavender, Rose or Geranium essential oils provide a lovely scent. Mix well or shake container until oils are thoroughly absorbed. To make them glisten like little jewels, add 1 teaspoon glycerin. Package in your pretty jar. To use, add ½ cup to your warm bath.

Mosaic Bath Jar Set

By: Tiffany Windsor of Inspired at Home

This wonderful craft project for the bathroom (or kitchen) comes to us from [Tiffany Windsor of Inspired at Home](#).

Bathtime is bright and cheerful with these colorful mosaiced canisters. Just fill them with your favorite herbal bath blends and aromatic bath salts and display them tubside.

- Mosaic tile cutters
- Alphabet beads
- Weldbond glue
- Mosaic grout [color of your choice]
- Gloves
- Sponge

Instructions

1. Lay canister lid(s) on paper and trace along outside edge. Use the im to lay out your tiles for placement.

2. Determine color selections and lay out tiles, mirror tiles and alphabet letters in desired pattern on paper. Remember that some of the larger tiles will probably need to be cut down in size in order to fit within pattern.

3. When you have the tiles laid out in the pattern you like, add a dab of glue to back of each tile [and alphabet letters] and place on lid.

4. Let glue dry completely overnight.

5. To grout - Follow Heidi's [How to Grout Mosaic Photo Tutorial](#)

Tiffany's Designer Tip: Mosaic always looks best when you cut some of the whole tiles into quarters or halves straight or diagonally. The cut pieces always add visual intrigue to your mosaic design!

Fleece Hat Snowman Jars

By: Lori Tabor

These adorable snowman jars are perfect for helping save the environment. You create these with old baby food jars, gloss paints and fleece. These make for great Christmas gifts.

Materials:

- Apple Barrel Gloss: pure pink
- Apple Barrel Gloss : pumpkin orange
- Apple Barrel Gloss: black
- Apple Barrel Gloss: white
- Fleece
- Baby Food Jar
- Kid paint brushes
- Matching yarn or thread
- Glue gun
- Sponge

Steps:

1. First you need to have a clean jar free of label and glue. I love to use the gloss paints because they can be painted right onto the jar with a sponge. Apply a coat of white all over the jar. You only need to paint up to the tread on the jar lid. Allow jar to dry and apply second coat if needed.
2. Second, use your paint brushes to pain the features. I like to paint the cheeks first with pure pink. (If this pink is too dark for you, add white to it to make it softer.) Then the carrot nose with pumpkin orange. This helps to see where you want to put the eyes and the mouth using the black paint.
3. While the paint is drying...this is the perfect time to pick out the fleece for your snowman's hat. We use approximately a 5" x 9" piece of fleece. I fold up a brim, about 3/4 of an inch, and start to hot glue this around the jar lid. When you have it completely glued around the rim of the lid, glue the ends together to hold in place. There is no need to glue all the way up the seam...this will close when you take your matching yarn or thread and gather the fleece loosely to form a fun shaped hat. You will tie it about an inch or two above the jar to make it look rounded.
4. Next cut into the top of the fleece to make fringe...make sure not to cut down into your thread. You can now trim the fringe if it is too long.
5. Once, the paint is dry, go ahead and put your cap on your snowman. Don't forget to put a little surprise inside. (Chocolates and candies are a favorite!)
6. My kids made these for their school teachers last year for Christmas. They were a hit!

Body Scrub

Amazing and Edible Chocolate Body Scrub

By: Susie Norris

Who would have thought you could not only eat chocolate but you can use it as a body scrub? This amazing craft is yummy and helps out with your skin. Make as many as you wish and give them as Christmas gifts in a jar. It works best at the end of a hot bath.

2. Add the cocoa nibs, cocoa powder, salt, almond oil, jojoba oil, and vitamin E oil.
3. Hit pulse a few times to blend.
4. Store in a glass or plastic jar, and scoop out for use with a spoon or a seashell.
5. Massage the scrub into skin, then rinse with warm water.

Materials:

- 1/2 cup rolled oats
- 1/2 cup cocoa nibs

This honey scrub is not only nice during and after a hot bath, but it makes for a nice Christmas gift as well. All you need is some honey, grits or cornmeal, almond oil and a few other materials. It smells great too.

Materials:

- 1 Vitamin E capsule opened and mixed in (can be purchased from all good health food stores)
- 1 tsp organic Sweet Almond Oil (or more if you like. You could also substitute for organic Olive Oil if you don't have Sweet Almond Oil on hand)
- ½ cup organic Honey
- ¼ cup Grits or medium Ground Cornmeal (can replace with oatmeal for less exfoliation)

Steps:

1. Mix all ingredients together.
2. Apply in circular motions to damp skin to gentle exfoliate. Can be used on both face and body.
3. Keep any left over in fridge to ensure freshness as there are no preservatives added.

Misc. Jars

Quilted Christmas Treat Jar

By: Dena Lenham for Kreinik

Decorate a simple mason jar for those special Christmas treats. This quick and easy project will make your canned gifts look even more beautiful this holiday season.

Materials:

- Empty glass canning jar
- 100% cotton fabric with a Christmas theme
- 1/4" red satin ribbon
- Misc. buttons in red and green colors
- 1/16" Ribbon 002 Gold
- #8 Braid 009 Emerald
- #12 Braid 008 Green
- Diamond Beadlets®
- Shallow pan or tray
- 8x10 sheet of red liner, heavy duty double sided Treasure Tape™

Steps:

1. Cut out squares from your Christmas fabric (in our sample, we used teacup blocks and a patch with the words "Christmas Tea" printed on the fabric). Set aside momentarily.
2. Cut a rectangular piece of Treasure Tape from the 8x10 sheet to fit like a belt around the middle of your jar. Remove the white backing from this tape and attach it to your jar.
3. Using leftover pieces of Treasure Tape, cover the jar lid.
4. Peel off the red liner from the tape on your jar and begin embellishing: lay the fabric squares first, then the red satin ribbon, then the buttons. Lay the gold ribbon along the top and bottom as a decorative border, and fill in other sticky areas with the green braid colors.
5. When embellishing is complete to your satisfaction, lay the jar in your shallow pan and cover all remaining sticky areas with the Diamond Beadlets. Shake to dislodge loose beads.
6. Do the same with the jar lid to decorate it, then use your personalized, embellished holiday jar as a decoration or gift.

Canning Jar Pin Cushion or Treasure Jar

By: Suzanne of Crazy for Collars

This project comes to us compliments of Suzanne of [Crazy for Collars](#), who specializes in hand-sewn pet items. Suzanne also operates [Joyful Finds](#) shop and [Suzanne's Perfect Treasures](#).

Ball recently released the Wide Mouth Contemporary Styled Glass Preserving Jars.

Using the new little Half Pint size, make a super sweet and easy pincushion or “treasure jar” for Mom.

Materials:

- Fabric Scrap of your choice
- Jar with lid and band
- Cotton balls or fiberfill
- Card Stock
- Glue gun, not pictured

Steps:

1. Using the lid of the jar, cut out a circle of the same size from the card stock

2. Using the lid of the jar, trace around it on the wrong side of your fabric. Increase that circle's radius about 1" and cut out the larger circle.

3. Layer the fabric, cotton balls, and lid then place the "sandwich" inside the band.

4. Press the lid down so that the cotton balls and fabric form the pincushion on the opposite side of the band. Check to see if you need to move the fabric to avoid creases. Make any necessary adjustments and then fold in the fabric and hot glue it to the underside of the lid.

6. Line the band with a small bead of glue and insert the pincushion into it, pressing firmly. Add the lid to the jar and YOU HAVE A NEW PINCUSHION!

Other ideas and suggestions: Monogram the top and use it as a “treasure jar”. Add ribbon, paint, and other embellishments to the band to give it even more personality.

5. Trim away any excess fabric and hot glue the cardstock over the fabric edges.

Inspiration Jars

By Tammie Wilson for Delta Creative

Whether you use them as vases or fill them with the treasures of your adventures these colorful jars will always seek to inspire you.

Supplies:

- Delta Air-Dry PermEnamel Transparent Glass Paint™
 - Royal Blue 45 701
 - Prussian Blue 45 705
 - Kelly Green 45 704
- Delta Air Dry PermEnamel Paint™
 - Ultra White 45 029
- Delta Stencil Mania™ Stencil-Inspirational Words 97 090 0710

- Paper plates
- Old jar lids or bottle caps
- Small spray bottle or a ½" brush
- Scissors

- Craft knife

[Click here for larger project images, patterns images and printable instructions.](#)

Steps:

1. Remove labels from jars including all adhesive. Wash jars with warm soapy water, rinse and dry thoroughly.
2. Plan ahead, determine how the jars are going to line up and what color you want each one to be before starting.
3. Place a lid or 2 to 3 caps on each plate and set the jar on top of the lid. The lid should be smaller than the bottom of the jar so that then paint runs off of the jar and onto the plate freely.
4. Open and cut the tip off of the paint bottle nozzle, just a little bit. Starting at the top of the jar drizzle paint around the entire jar. Let the paint drip for a minute or two, and begin filling in any blank areas. You can use a sponge to pick up paint that has dripped off and use it also. Set aside to dry.
5. Continue working in this same manner until all of the jars are painted in the desired color.
6. Let jars sit for several hours, about 6 to 8 depending on temperature and humidity. When dry to the touch invert the jars and use the craft knife to cut off the drips. Let jars dry

overnight.

7. Position the stencil on the jar as desired. Dip the small end of a sponge into Ultra White, tap excess off onto plate and pounce it over the desired word. Remember stenciling requires very little paint, too much paint and it will run under the edges of the stencil. Less is better, you can always apply a second coat if you want more color.
8. Let jars sit for a full time to allow the paint to cure completely. Enjoy!

2. Clean interior of glass jar with soap and water. Dry completely.
3. Cover outside of glass jar and lid with paper towels and painters tape. This

4. Spray at least five **light** coats of Looking Glass into the **inside**, bottom, and lid of jar. It is important to let each coat set for 2 to 3 minutes before applying next coat.

Brownie Cakes in a Jar

Description

Everybody loves brownies and everybody loves presents, so why not combine the two? Gifts in a jar make holidays so easy, and these are just delicious!

Serves: 2

Cooking Time: 40 min

Ingredients

- 2 canning jars, wide mouth
- 1 cup all-purpose flour
- 1 cup sugar
- $\frac{1}{2}$ teaspoon baking soda
- $\frac{1}{4}$ teaspoon ground cinnamon (optional)
- $\frac{1}{3}$ cup butter or margarine
- $\frac{1}{4}$ cup water
- 3 tablespoon unsweetened cocoa powder
- $\frac{1}{4}$ cup buttermilk
- 1 egg, beaten
- $\frac{1}{2}$ teaspoon vanilla extract
- $\frac{1}{4}$ cup walnuts, finely chopped

Instructions

1. Preheat oven to 325F degrees.

2. Sterilize two 1-pint straight-sided wide-mouth canning jars (specifically made for canning jams and jellies), lids and rings by boiling for 10 minutes. Keep the lids and rings in the hot water until ready to use.
3. In a small bowl stir together flour, sugar, baking soda and cinnamon. Set aside.
4. In a medium saucepan combine butter or margarine, water and cocoa powder.
5. Heat and stir until butter or margarine is melted and mixture is well blended.
6. Remove from heat, stir in flour mixture.
7. Add buttermilk, egg and vanilla, beat by hand until smooth.
8. Stir in nuts.
9. Pour mixture into the prepared canning jars, place jars onto a cookie sheet.
10. Bake at 325F degrees for 35-40 minutes or until a pick inserted deep into each cake comes out clean.
11. Remove cakes from the oven, one at a time.
12. Place a lid, then a ring onto the jars and screw down tightly.
13. Place jars onto your counter to cool. You'll hear a "plinking" sound. If you miss the sound, wait until the cakes are cool and press on the lids. They shouldn't move at all, that means they've sealed. This recipe makes 2 jars.

Notes

- Store cakes in a cool, dark place. They should last up to a year. I don't know, they've never lasted that long around here!
- If you'd like to decorate the jar, place a wad of cotton in the center of each lid. Cut a piece of decorative cloth with pinking shears about 3 inches larger in circumference than the lid. Place that cloth on top of the cotton. Screw the ring back on (by this time the rings can be removed as the lids should be sealed). Use your imagination when decorating. A hot glue gun works wonders (dried flowers, ribbon, etc).
- These make WONDERFUL Christmas gifts.

NOT use coffee or vegetable cans as most contain lead and are painted or sealed with materials that may give off toxic gases when heated.

- This recipe doesn't say you can seal them up and store them in your pantry but my Kerr Canning book recipe says you can; here's how:
 - Remove jars from the oven one at a time, wipe rim of jar clean; put on lid and ring and screw on tightly. Jars will seal as the cake cools.
 - Store like canned goods.
- If you'll be giving these as gifts, take a piece of decorative cloth (about 1-inch larger in circumference than the lid or as large as you'd like) and put it on top of the lid, then screw on the ring. Make sure you screw the lid on very tightly. I like to use pinking shears to cut the cloth out with.
