MAKE UP

Sew the arms and stuff them with fiber.
Make the same with the legs, the body and the head.
Put each part of the doll where it requires.

cardboard circles and tie double strand into a tight double knot. Trim edges of pompon and use double strand of yarn to fasten pompon to garment.

MAKE A POMPON:

Cut two circles from a piece of cardboard. Make a hole in the center, having the distance from the hole to the edge of the circle a little larger than the finished pompon should be. Using a yarn needle with one or more long strands of designated yarn, sew through center hole, spacing stitches evenly around entire cardboard circle. When cardboard is covered and you have enough wraps to make a firm pompon, lay this on a table and slip scissors between outer edges of cardboard to cut strands. Using a double strand of yarn, carefully slip this yarn between the cardboard circles and tie firmly with a single knot, pulling the center of all the cut strands together. Remove
