

(inner petal)

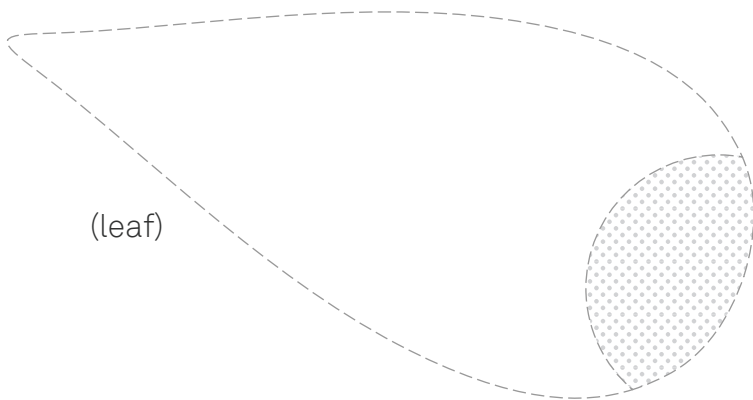

(inner petal)

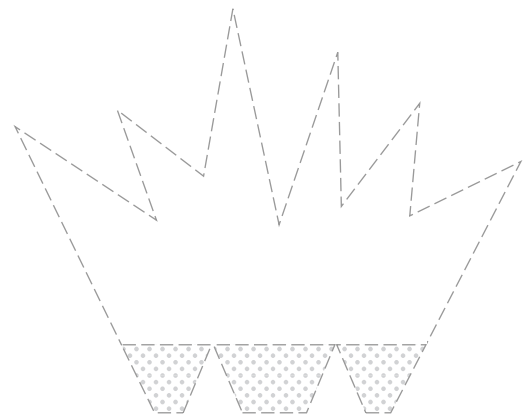

(outer petal)

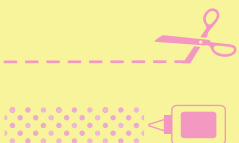

(outer petal)

(leaf)

(sepal)

Assembly Instructions

1. Print out the template onto colored text weight paper. You may need to print out the template several times to create a full bloomed egg.
2. Cut the pieces out along the dotted lines.
3. Glue one petal at a time to your egg - starting with the smaller, inner ones.
4. When you're finished gluing on the amount of petals you want, glue on sepal pieces and then finish with the leaves.
