** В скобках после названия цвета указано количество крестов, выполняемых данным цветом

This table displays a grid of embroidery symbols for cross-stitch. The grid is organized by column (labeled 170, 180, 190, 200, 210, 220, 230, 240) and row (labeled 10, 20, 30, 40, 50). The symbols are arranged in a regular pattern, often repeating across columns and rows. The symbols themselves are small, stylized icons representing different stitch directions and types. For example, some symbols show a cross with a dot in the center, while others show various geometric shapes like squares, circles, and triangles. Some symbols are numbered (e.g., 1, 2, 3, 4) or have letters (e.g., A, B, C, H, T, L, M, N, Z, \$, %). The grid is dense and covers a large area, indicating a detailed and intricate embroidery design.
