

Gaston

ModelStyl

This little bear is crochet in Amigurumi style. Each part begins with sc in a magic ring.

I recommend you to view videos; they are easier to understand than written explanations. The colours and yarn in the list are just an example; you can use any other yarn ore colour. Change the size of the safety eyes if you use thicker or thinner wool.

Gaston has a naughty look, you will not have trouble to make him. This tutorial contents pictures of different steps and with the written explanations easy to follow.

I wish you nice moments of crochet.
