General notes

Please read these instructions before working the pattern.

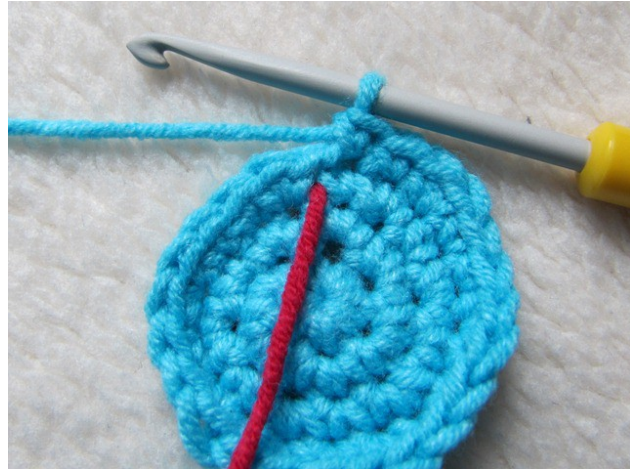

The beginning of each part

There are two options (I always use the second option. There are no holes at the beginning if you use the loop):

1. Start with chain 2 and work every first round into the first stitch made.
2. Start with a magic ring (adjustable loop) and work number of stitches in the first round into the loop.

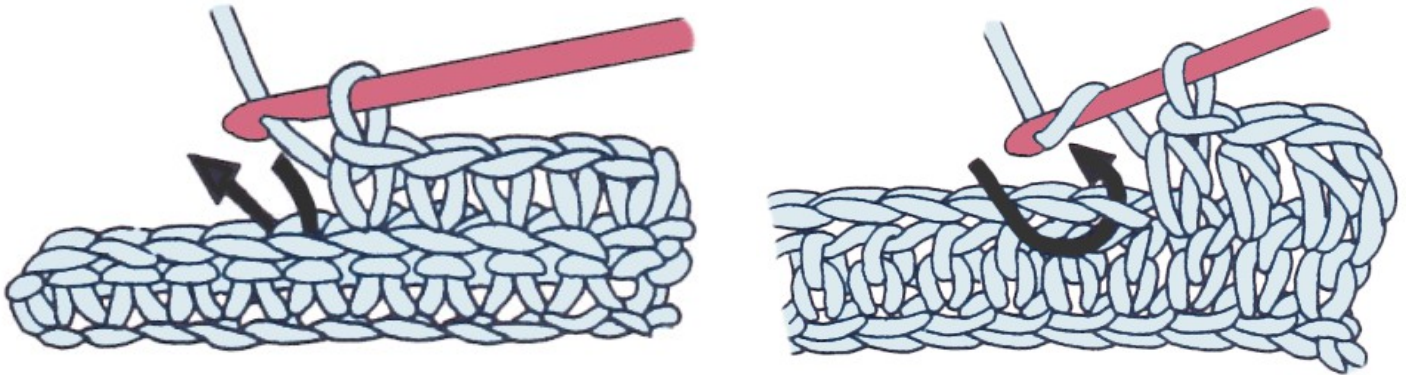

Changing rounds

Do not replace crochet stitches by chain stitches at the beginning of each row. Instead make endless spiral. Crochet a first stitch of the row in first stitch of previous round. Use a stitch marker to remember of the beginning of the round. How to mark beginning of a row is demonstrated on pictures below.

Crocheting in back/front loops only

Unless noted otherwise always work the rounds/rows through both loops. Sometimes we need to crochet different structures and we crochet some rows in back/front loops only. The pictures below show how to crochet through the back loops (left) or front loops (right) only.

Loose ends

At the beginning and the end of a piece leave a tail of at least 15 cm or even longer, because most of these can be used for sewing. Loose ends you do not use anymore can be pulled through some stitches on the inside of the piece and cut off.

Sewign

Now we have all the parts ready and we can start sewing.

1. First we sew the head together with the body.

2. Then we sew the snout on the head. We sew the snout just below the eyes and we stuff the snout during the sewing.

3. After the snout we sew the ears on the head. (in the fourth row from the middle)

4. Now we sew the top of the ear to the head.

5. Then we sew the arms to the body.

6. We sew the legs to the body. We sew the legs between the fourth and the fifth row from the middle to fit in the pants.

7. Now we can sew the tail on the body and embroider nostrils with dark pink yarn.

Pants

We sew the braces on the pants. On the front side, we sew the braces with brown yarn so that the stitches look like buttons. Now we put on the pants. On the back, we cross the braces and sew to the inside of the pants.
