INSTRUCTIONS

Cross Stitches: One strand of floss over two linen threads, you can add a key charm or stitch as charted.

Backstitches: One strand

- Outline 543
- Cherries 902
- Cherries' tails 3371
- Wing 310

Embellishments: Your choice

Assembling:

- Cut the edges of the square leaving 1/2 inch allowance outside the backstitched outline, fold back the edges along that line. Cut a piece of the cotton fabric to be the same size and repeat the process above.

- Pin the ribbon to the top part. Place the two pieces of fabric wrong sides together, start sewing the edges using a slipstitch (passing your needle under the backstitches) with one strand of matching thread. Sew and secure the ribbon as you stitch the edges. Add stuffing before closing the last side.

-Stitch a piece of ribbon of your choice to the sides of the fob making loops as you go.

-Add buttons, charms, bows, etc...
