PATTERN INSTRUCTIONS

White or off-white aida fabric is recommended for most of our patterns. The pattern begins in the upper-left corner of the pattern's first page. Your pattern chart is laid out from left to right as follows:

1	2	3	4	5
6	7	8	9	10
11	12	13	14	15
16	17	18	19	20
21	22	23	24	25
26	27	28	29	30
31	32	33	34	35

1. Looking at the cover of your pattern, decide which size fabric that you'd like to use.
2. We recommend purchasing a piece of white or off-white aida cloth that is the size of the finished design, plus a couple of inches on each side as a margin.
3. Because of the large number of stitches, we have found the pattern to be more manageable to work with if you stitch one 10x10 stitch grid at a time, and then move on to an adjacent 10x10 block.
4. Stitch each entire page, according to the pattern layout. When you finish page 5, begin page 6 beneath the stitching of page 1.

Care and Washing Instructions for your Cross Stitch Projects

(Courtesy of DMC®)

Care Instructions:

- 
- ❖ When handling any needlework, always take the special care that is necessary to keep your work clean. Wash hands frequently to prevent body oils from staining the fabric or cross-stitching.
 - ❖ Be sure to remove your cross-stitching from the hoop each time you stop stitching to prevent hoop marks from soiling your fabric.
 - ❖ It is recommended that you use approximately 18" lengths of thread when stitching your project. This will help to avoid knotting, twisting or fraying of the thread while you work.
 - ❖ Your project should be stored in a bag or workbasket when not being stitched to protect it from dust, spills, etc.

Washing Instructions:

If you have followed the above care instructions, you may not find it necessary to launder your piece before framing or finishing it. If, however, your piece has become soiled, wash it following the instructions below:

- ❖ Always wash each cross-stitch piece separately - DO NOT wash cross-stitched piece with any other cross-stitch projects or laundry items.
- ❖ Wash cross-stitch in lukewarm water with a mild detergent or dishwashing liquid. DO NOT use Woolite™, harsh detergents or chlorine bleach.
- ❖ Rinse cross-stitch several times in clear water. Do not worry if water becomes colored when washing cross-stitch - continue rinsing piece in clear water.
- ❖ Roll the cross-stitch between two clean towels squeezing gently without wringing - DO NOT allow cross-stitch piece to touch upon itself. Unroll towels and spread out piece flat to dry on a towel. NEVER leave damp cross-stitch folded or in a heap.
- ❖ To iron your piece, place the dry cross-stitch face down between two clean towels and press with a warm, not hot, iron. To remove creases or fold lines from your piece, you may find it necessary to use the steam setting on your iron.
- ❖ It is NOT recommended that Scotchgard™ or other products of this type be used on your cross-stitch projects as they may cause a chemical reaction with the thread dyes.
- ❖ It is generally NOT recommended that your cross-stitch be dry cleaned. However, certain fabrics (i.e., wools) may require dry cleaning. We suggest that you speak to your local dry cleaner, advising him that there may be a reaction between the thread dyes and the dry cleaning chemicals (i.e., benzene, trichlorethylene, etc.)
