The diagram is a large grid with 11 rows and 100 columns. The rows are labeled 40, 50, 60, 70, 80, 90, 100, and 110. The columns are labeled 10 and 20, with a central vertical line. The grid contains various symbols including hearts, triangles, squares, and numbers. The symbols are arranged in a complex pattern, with some rows showing a high density of symbols and others showing more sparse arrangements. The central vertical line is marked with a downward-pointing triangle at the top and an upward-pointing triangle at the bottom. The symbols are primarily black, red, and green, with some white and grey symbols interspersed.

The image displays a large grid-based puzzle, likely a crossword or logic puzzle, with columns numbered 170, 160, 150, 140, and 130 from left to right, and rows numbered 30, 20, 10, 10, 20, and 30 from top to bottom. The grid is filled with a variety of symbols, including letters (A-Z), numbers (0-9), geometric shapes (squares, circles, triangles, diamonds), and icons (hearts, stars, dollar signs, etc.). The symbols are arranged in a complex pattern, with some cells containing multiple symbols or being empty. The puzzle is presented in a grid format, with the symbols themselves representing the clues or the solution to the puzzle.
