Every ghost hunting show takes a moment to give a definition for Electronic Voice Phenomenon (EVP), one of the more shocking and abundant pieces of evidence paranormal investigators obtain. EVPs are sounds that are caught on audio recorders that could not be heard during their recording. Sometimes these sounds are strange and unidentifiable. The ghost hunting gear options are endless for exploring Electronic voice phenomena (EVP), Instrumental Transdimensional Communication (ITC) or maybe the Ovilus, Frank's Box, The Paranormal Puck, Ovilus X or any of the other dozens of creations coming and going. We highly recommend using a Portal in conjunction with any spirit box. A portal amplifies EVPs coming through, which makes it possible to capture EVPs that would otherwise be too low to be audible. Having either a Portal or a Spirit Box that has a built in amplifier significantly increases the amount of potentially intelligent communication during a paranormal investigation. 2.
