Running the powerful ZerOS operating software, the Solution Series offers simple hands on control of conventional generic channels, submaster and cue stack playback and moving light controls laid out in an easy to use, familiar fashion. I'm also quite familiar with the Zero 88 control, do want to get some more experience on other systems though. I totally agree with you about the FLX though, all I've really seen them bang on about is the colour picker, it looks cool although the choosing a colour from a picture in my opinion seems useless. Zero 88 Jester ML. Zero 88 Jester ML. this is apparent when trying to control leds in particular. the desk is working and in average condition. Hi, welcome to my auction I have been selling zero 88 for a few years and due to a few changes in my life I now have a new eBay ykuqakoc.podarokideal.rue stated is for UK mainland 2nd class from Fraserburgh only anywhere else please ask for a price, I send.
