Lo encontrarás en al menos una de las líneas abajo. 'reflector' is an alternate term for 'reflecting telescope'. It is in one or more of the lines below. Reflector Audio Bespoke series loudspeakers deliver musical experience of exceptional dynamic range and naturalness which is achieved by minimizing and eliminating distortions of all kinds. A significant source of distortion is a speaker cabinet itself, and the solution to this problem lies either in crafting the cabinet with extreme care or designing loudspeakers without it. Wirelessly controllable inflated reflectors made of electroactive polymers (EAP) are proposed in this paper. A finite element model was configured to predict the behavior of the inflatable EAP membranes under pre-strains, pressures and distributed electric charges on the surface. Cisco TrustSec does not perform the EAP-FAST phase 0 exchange again until the PAC expires, and only performs EAP-FAST phase 1 and phase 2 exchanges for future link bringups. The EAP-FAST phase 1 exchange uses the PAC to mutually authenticate the authentication server and the supplicant.
