Need for speed undercover: Velocity and other new java games on GoGanz. The Need for Speed 2 is the follow-up to perhaps the best arcade racing game to come along in several years. In order to fully understand this review, you must separate in your mind arcade racers like this one from racing simulations. The Need for Speed is a quintessential early 90s racer and an important title for advancing the genre past the 16 bit era into the 3D bit age. The game's menu is a bit of a mess but the features of the game scream 90s and I say this with nostalgia and love.
