To complete the torso you will continue crocheting with lace weight mohair yarn and Gold metallic thread. Bring both material together and continue. Pic # 16.

Pic # 20, 21, 22.

# SKIRT

The torso completed with 54 Sc St (s) but after filling Hip Circumference is extend. Finding the right St quantities is important. Make 54 Ch ( S) to start but you need to measure the circumference. Pic # 23, 24.

The original torso circumference needs 63 Ch (s). NOTE : Measure your Ch (s) around the Hip and find yours. We will continue with original Torso numbers but if yours is different just follow the instructions, rnds and technique by using your St quantities.

RND 1 : Make 63 Ch (s) or amount of your measurement.

RND 2 : Start 2 nd Ch from the hook and make 4 hdc. Inc the rnd by making 2 hdc into every 5 th Ch (s).

Complete the rnd, without join jump into the first hdc St with a Sl st. form the rnd into a big ring. Pic # 25,26.

RND 3 : Make 3 Ch ( s ) skip next St and make 1 Sc into 3 rd St. ( first loop ) rep 3 Ch loops around the ring.

Pic # 26. Complete the rnd make last 3 Ch ( s ) and jump into the first loop and insert St marker. ( beginning loop of the rnd 4.

RND 4 : Continue 3 Ch loops.

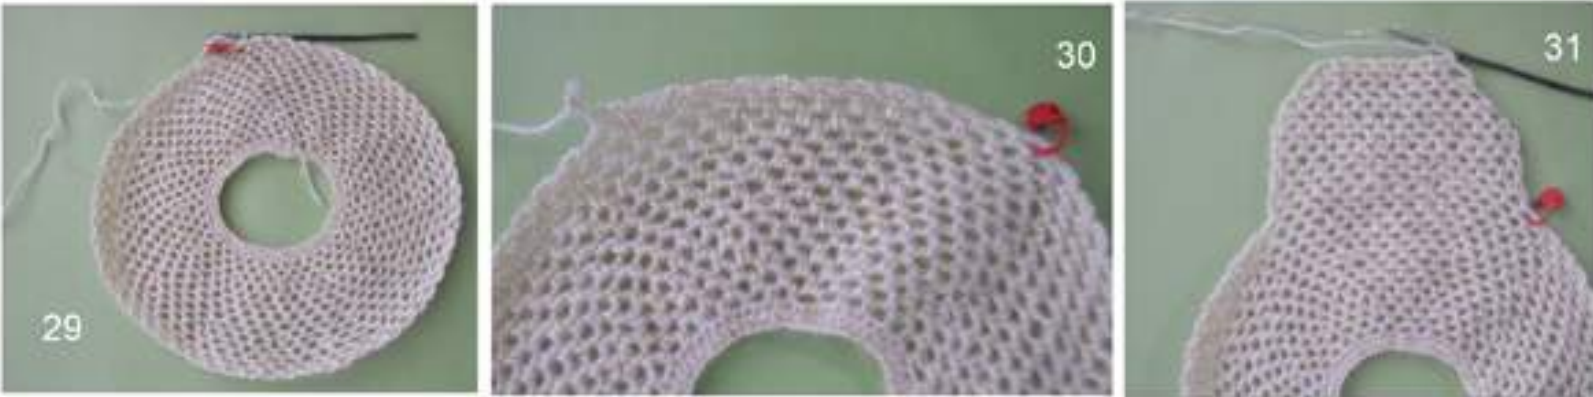

RND 5 : Inc the rnd by making 1 extra loop into every 3 rd loops. Pic # 28.

RND 6, 7, 8, 9, 10 : The original skirt has 49 loops after inc. Yours can be different. Rep the amount of loops with no inc.

RND 11 : Inc the rnd, make first 4 loops and 1 Extra loop into every 5 th loops. The original quantity 60 loops, yours can be different.

RND 12, 13, 14 : Rep the loops of the rnds. count the loops on rnd 15.

On this part you will create uneven parts on the rest of the skirt. For to explain easily I will use some math. The original skirt has 60 Loops on rnd 15, I will use first 13 loops to work back and front to create uneven slice. Pic # 31

#### FIRST SLICE

RND 15 : Make first 13 loops.

RND 16 : Make 4 turning Ch (s) and turn back side of the skirt. Continue 13 Loops.

RND 17 : 4 turning Ch ( s ) work on front side make 13 loops.

RND 18 to RND 23 : Rep 4 turning Ch ( s ) 13 loops by working back and front side. Pic # 31.

RND 23 : You will start dec 1loop for each beginning rnds for to create round finishing slice. Make 5 Turning Ch ( s), skip first loop and continue for 12 loops.

RND 24 to RND 29 : Rep 5 turning Ch (s) , skip first loop of the rnd and work back and front.

RND 29 : The original skirt has 6 loops left on rnd 29. Yours can be different is not problem at all.

explaining the numbers is only to follow the shape. I usually don't count the loops or rnds. I like to work with free hand on art dolls. Because even the mistakes may create the unique part of the projects.

Complete the rnd 29 and do not turn back. Continue on side with 3 Ch loops until you reach the rnd 15.

Jump into 14 th loop of the rnd 15. Pic # 32

#### SECOND SLICE

RND 30 : I've used 13 loops from 60 loops and I have left 47 loops all around the rnd 15. For the next uneven slice. I will use next 10 loops of rnd 15. to start RND 30. Rnd 30 has 10 loops. Pic # 33

RND 31 to RND 35 : You need to make 4 turning Ch (s), 10 loops for each rnd and work on front and back.

RND 35, 36, 37 : Start decreasing first loops like the first slice. until 7 loops left. Continue following the sides with 4 Ch ( s ) loops. to reach rnd 15 and start next slice. Pic # 33.

### THIRD SLICE

RND 38 : For 3 rd slice I will leave some space, Make 3 loops on Rnd 15 and start third slice which is I had 37 loops left and I am using 15 loops for the third slice. ( 3 loops space include )

RND 39 to RND 49 : I will continue 12 loops by working back and front with 4 turning Ch (s) for each rnds.

RND 49 : Decreased the rnds by skipping first loops exactly the same way you've all ready repeat for slice 1 and slice 2.

RND 50 to RND 54 : Dec the rnds. complete the rnd 54. I have 6 loops on rnd 54. Continue on side to reach rnd 15 for to start fourth and last slice. Pic # 34, 35.

### FOURTH SLICE

RND 55 : Make 3 loops on rnd 15 ( space between 3 rd and 4 th slice ) use rest of the loops for to complete 4 th slice.

RND 56 to RND 64 : I had 16 loops to work back and front. ( yours can be different.

RND 64 to 73 : I have dec 1 loop on each rnd. and 7 loops left. Continue on side to reach St marker on rnd 15. Pic # 35.

RND 73 : Make 4 Ch lops al around the skirt edges. On this case the St quantities are not so important but connecting the slices together you need longer Ch (s) On Rnd 73 I used maximum 7 Ch ( s) when I jump from side to the main rnd. ( I sill call rnd 15 ) Pic # 36.

RND 74, 75 : Continue 4 Ch (s) loops around but join the Slices with 7 to 9 Ch (s). Do not use more then 9 Ch (s), you need to pull the slices with these longer Ch (s) for to create bell shape skirt. Complete the rnd 75 and fasten off.

# MOTIVES

You have just complete the base of the skirt.  
Now you will start decorating.

I have used 3 different size and similar patterns for the round motives and flowers.

After complete them you will attach the pieces on base of the skirt to close the gaps between uneven shape slices by using glue gun and silicone glue.

This part needs your creativity. You can attach your own motives, some other embellishments and decorations.

Lets get start it !

## Motive A make 3

Use Mohair yarn with Gold metallic together.

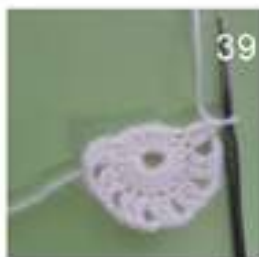

RND 1 : Make a magic circle, fill the ring with 18 Dc. Pic # 38

RND 2 : Join the last Dc st of the rnd 1 with a Sl st. Make 1 Dc.( 3 Ch (s) ), make the second Dc into next St. 2 Ch (s) space and rep the pattern. Pic # 39.

RND 3 : Join the last St with the first one into a Sl st. Make 2 Dc onto 2 Dc St (s) of the previous rnd and 1 extra Dc into second Dc St. make 2 Dc into 2 Ch spaces. Pic # 40, 41.

RND 4 : Make 3 Ch ( first Dc ), make second Dc into same St, 1 Ch space and 2 Dc into next St. Rep. joint and fasten off, Pic # 42, 43.

## FINISHED BASED OF THE SKIRT

## MOTIVE B make 5 mohair, metallic mix & 4 plain mohair

RND 1 : Make a magic circle and fill the ring with 15 Dc. Join the last Dc with first one into a Sl st.

RND 2 : Make 3 Ch (s) and 1 Sc into each St of the previous rnd. Pic # 44.

RND 3 : Rep 3 Ch loops.

RND 4 : Rep the rnd with 4 Ch (s) loops.

RND 5 : Fill each loop with 3 Dc and 1 Ch space between. Rep and join. Pic # 45.

RND 6 : Make 3 Dc onto previous Dc St (s) and 1 extra Dc on 3 rd Dc. 1 Dc into 1 Ch space. Rep. Pic # 46.

RND 7 : Make 1 Ch (s) skip 1 St and 1 Sc into every other St (s). Rep and fasten off. Pic # 47, 48.

## MOTIVE C make 7 with mohair and metallic mix ( make more if needed )

RND 1 : Make a magic circle, fill the ring with 15 Dc, join the last Dc with first one into a Sl st.

RND 2 : Make 3 Ch (s) and 1 Sc into each St (s).

RND 3 : Rep 3 Ch loops.

RND 4 : Rep 4 Ch loops.

RND 5 : Fill each loop with 1 Sc 2 Dc and 1 more Sc.

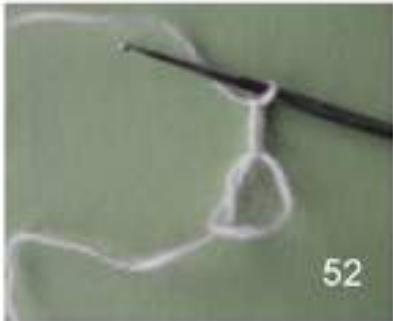

# FLOWERS

Crochet many flowers ! I've used 3 Size flowers for outfit, hair decor and bouquet. If you like you can use your design or more quantity.

## Flower 1 Make 30 or more

Use mohair yarn make 15 Pieces plain & 15 pieces Mix with Gold metallic.

- Make a magic circle, 4 Ch (s), yarn over twice and pull it through in 4 movements, rep one more time, make 4 Ch (s) and 1 Sc into the ring. ( complete first petal ) rep 4 more petals and fasten off. Pic # 52,53,54,55

Pull the tails and secure them on the back. Pic # 56, 57, and it's ready. Pic # 58.

## Flower 2 make 20 or more

Use mohair yarn and Gold metallic thread, make 10 plain, 10 mixed.

Make a magic circle, 2 Ch (s), 1 Dc, 2 Ch (s) and 1 Sc into the circle. rep 4 more petals. Pic # 59.

## Flower 3 make 25 or more

Use only plain mohair

Make a magic circle, 7 Ch (s) and 1 Sc into circle. Rep 10 petals. Pic # 60, 61.

on image 62 you are seeing 3 shapes.

# GARMENT CONSTRUCTION

Use darker color tulle,( 60 Inch Length ) Cut in half. For the first layer you will be needing half amount. keep the other half for second layer. Gather and stitch around the hip. I usually start from the center back, attach the corner of the tulle on the torso, gather first and stitch. When you stitching just be sure you are 1/2 inch above from the finishing line. Pic # 63. Use the other half, start 1/2 Inch above from the first layer of the tulle, gather and stitch. Pic # 64.

Use 30 Inch length Cream color Tulle, Gather and stitch right top of the second layer stitch line. Pic # 65.

Use number 2 Size flowers, ( use glue Gun and silicone glue ) Glue some of the flowers from the back side and attach them on the hem line of the cream tulle lining.

NOTE : Just a little amount of glue will be enough for this process.

Pic # 66, 67, 68.

Place the torso on a Candle stick. I use 11 Inch tall candle sticks for display. Dress the torso with based skirt and pin the motives and flowers on the skirts hem area, close the gaps with different size of motives Just be sure !,The shorter slice must be on front side that the tiny flowers and tulle lining can be seeing under the hem line of the based skirt. Pic # 69, 70, 71. Don't forget !!! This doll must be a free hand design you need to choose the spots of the motives placement as you wish. Pic # 69, 70, 71.

Remove the skirt from the torso and lay on flat surface. Use your glue gun replace the pin from each attachment, glue and place back the motives and flowers when they are belong. This way you will not loose the shape of your design.

NOTE : Little amount of glue is enough to attach each piece. Mohair yarn absorbs the glue well and it will not show up. You can also use textile glue but drying time may be longer.

Pic # 72, 73.

Fit the skirt back on torso, bring the shorter seem of the hem on front.  
 Use metallic mix yarn and Size 20 Tapestry needle. Stitch waist of the skirt on torso. Pic # 74, 75.

## ARM Make 2

Use size 10 crochet thread.

RND 1 : Make 3 Ch (s), fill the second Ch from the hook with 8 Sc.

RND 2 : Without join jump into the first St and increase the rnd by making 2 Sc into each St. Total 16 Sc. Pic # 76,77.

RND 3 to 10 : Rep 16 Sc for each rnd.

RND 10 : Dec 3 St (s) by skipping 5th, 10 th and 15 th St (s). Total 13 Sc. ( wrist )

RND 11, 12, 13 : Rep 13 Sc for each rnd. Pic # 77.

RND 14 : Inc these 3 St (s) back on the track by making 2 Sc into 5 th, 10 th, and 15 th St (s). Total 16 Sc.

RND 15 to 54 : Rep 16 Sc for each rnd. NOTE : Fill the hands with Air Dry clay after complete rnd 25. Pic # 78.

Stuff rest of the arm lightly. ( Do not firmly stuff for easy movements ) leave Approx 1 Inch empty of biceps level.

RND 55, 56 : Dec the rnds by making 1 Sc and Skip next. Join rest of the stitches together into 4-5 Sc and fasten off Pic # 80.

Stitch the arms on shoulder area with 15 Degree ankle. And slightly upper back of the body.

The reason we do that, let the doll hold the flower bouquet with soft movement. Pic # 82, 83.

## Final Details

Decorate the neck line with flowers. Start with number 1 ( biggest size flowers ) for equal seem, glue one of the flower on shoulder front and second one on the other shoulder front then fill the space between. Pic # 84.

Use number 3 ( smallest flower ) and glue them center of the big flowers. Pic # 85, 86.

Trim the lashes with Scissor and use Nail polish and Gold Glass Glitter for sparkling long Eyelashes. Pic # 87,88,89.

# HAIR TUTORIAL

Use Cream color Acrylic yarn and roll around a 7 or 8 Inch tall book. Usually 100 To 110 strings will be good enough to complete the hair. ( It's mean you need to roll the yarn around the book for about 100 or more times. ) Cut the bunch in half. Use the strings and start from the hair line

Making hair with this technique some time consuming but the result is fabulous !. Fold the string in half, Pick a St with your hook, grab the yarn in the middle and pull between the St. Grab rest of the tails and pull it through.

Pic # 90, 91, 92.

For curly and soft hair, twist each string from the root, and separate them. Pic # 93, 94, 95.

Continue all around the head and separate the layer of each strings. You can see the difference between regular strings and separated strings on Pic # 96, 97.

## Lovely Bouquet

Use 1 Inch diameter smooth foam ball and Stick a tiny wood holder. ( I have used chopstick ) Cover the ball with spandex fabric and tulle, Glue the rest of the flowers around the ball and sprinkle some Gold Glass Glitter on them. I've used twisted yarn and attached 12 mm Pearl beads on the edges ( tassel )

Attach some flowers on the side of the head.

Glue some pearl beads on the center of the flowers.

THANK YOU FOR ENJOYING
