Some helpful tips and links

- I used yarn under single crochet (X-shaped stitch) for the body, arms, legs, head, and when crochet in spiral rounds. I used yarn over single crochet (V-shaped stitch) when working in turning rounds/rows, and hair wigs.

- **Invisible single crochet decrease:** the gap between 2 decrease stitch is smaller when you use invisible decrease. Links to the video: <https://youtu.be/n6s8mXTTmiU>

- **Other skin tone yarn:** Catania from SCHACHENMAYR 263, Yarn and Colors Must-have 43, Algodón Quesito from NORELI, ICE amigurumi, SINFONIA, RUBI super cotton, peach or coral color when you search for milk cotton yarn.

Working on a foundation chain- Left loop or Back Bump?

- **Hair strands:** all my doll's hair strands are made from a foundation chain. Look from the front you will see each chain has a V shape with a left loop and a right loop, look behind, you will see a back bump. If I want the hair strands to look curly, I will crochet into the loops on the left of the chain only. If I want the hair strands straighter, I will crochet into the back bump only. In usual, all hair strands of my dolls are crocheted into the left loops. <https://youtu.be/njo4R3lGDw8>

- **All other pieces** when working on a foundation chains like: **Legs, shoes**, we will crochet on the **back bump only**.
