* We sew the side of the head on the fourth round counting from the ring.

Gardener:

Use a needle half a stitch larger than the one we use for knitting

Example : if I weave the rabbit in 3, I only use a 3.5 needle for the chains.

Knit 25 chains. Join the first and last with a mp

* Check that the fabric is not twisted/rotated.

When we finish the first leg, we close the fabric with a slip stitch and we leave a short strand of 5 cm.

*Make the second leg exactly the same without cutting the fabric.

Legs, we knit the whole leg number one like this (25 sc) and join the next side
